

## REPORT OF THE LIBRARY COMMITTEE

The Committee continues to meet with Mrs. Kathryn Forrest, the College of Agriculture Librarian, to discuss the status of the avocado material in the Library.

Members of the Society should be reminded that their membership in the California Avocado Society entitles them to use of the Library. If they will present their CAS membership card to the Librarian, they will be extended library privileges.

The Committee continues its efforts to gather material that will be of value to those who, in the future, may be interested in the history of the California avocado industry. If any one has any pictures, artifacts, or other materials that may be of interest, he may contact the California Avocado Society secretary, or send them to the Society at its office in Santa Ana.
