

A photograph of an avocado tree with several dark green, bumpy avocados hanging from the branches. The leaves are large and green, and the background is bright and slightly out of focus.

Avocado Plant Improvement Meeting

**University of California
January 11-13, 2012**

PLATE XXXVIII

AVOCADO.

D. S. Passmore

This meeting made possible by a grant from the California Avocado Commission

Purpose:

Provide a forum to discuss recent advances in our knowledge of avocado genetics

Provide an opportunity for growers to see their funded projects at UC South Coast REC

Our Visitors

- **Florida:** David Kuhn, USDA-ARS; Jose Chaparro, University of Florida
- **Australia:** Neena Mitter, University of Queensland
- **Israel:** Vered Irihimovitch, Volcani Research Center
- **Mexico:** Luis Herrera, LANGEBIO
- **Spain:** Fernando Pliego, University of Malaga
- **South Africa:** Stefan Kohne, Zelda Van Rooyen, Westfalia
