

## GENERAL REFERENCES

1. **Advances in Agronomy.** Annual publication (in book form) prepared under the auspices of the American Society of Agronomy. Academic Press, Inc., 111 Fifth Ave., N.Y., N.Y. 10003. (This annual book is a review publication that covers approximately 10 subjects each year; often one or more nutritional subjects are included each year).
2. Buckman, H.O. and N.C. Brady. **The nature and properties of soils.** The MacMillan Co., N.Y. 1961+. (An introductory soils text containing a wealth of basic, sound information).
3. Chapman, H.D. (Ed.). **Diagnostic criteria for plants and soils.** University of California, 1966. (An excellent reference book with chapters on all the nutrients and including plant analysis levels for numerous crops).
4. Childers, N.F. (Ed.) **Fruit Nutrition (or Nutrition of Fruit Crops).** Rutgers University, New Brunswick, N.J. 1966. (Discusses nutrition by crop; includes plant analysis tables for various fruit crops).
5. Epstein, E. **Mineral nutrition of plants: principles and perspectives.** John Wiley & Sons, Inc., N.Y. 1972. (A more advanced text on plant nutrition; heavy on plant physiology).
6. Lorenz, O.A. and D.M. Maynard, **Knott's handbook for vegetable growers,** 2nd edition. John Wiley & Sons, Inc., N.Y. (Contains nutrient level tables for vegetable crops plus a wealth of other useful information). 1980.
7. Mortvedt, J.J. (ed.). **Micronutrients in agriculture.** Soil Science Society of America, 677 S. Segoe Rd., Madison, Wis. 53711. 1972. (A 666 page book with individual chapters by specialists).
8. Reisenauer, H.M. (ed.). **Soil and plant-tissue testing in California.** Bull. 1879. Univ. of Calif. Agric. Ext. Service. 1976. (A 54 page manual. Although developed for California, much of it is applicable to other areas).
9. Olson, R.A. et al. (eds.). **Fertilizer technology & use.** Soil Sei. Soc. of Amer, 677 S. Segoe Rd.. Madison, Wis. 5371 1. 1971 (2nd printing, 1973). (A 611 page book detailing most aspects of fertilizer use).
10. Soil Improvement Committee, Calif. Fertilizer Assn. **Western fertilizer handbook.** 5th edition, 1975. (A compact 250 page book containing a wealth of information; impressive, because it is a joint effort of the University of California and the California fertilizer industry).
- 11 **Solutions (also called Fertilizer Solutions).** A bi-monthly publication of the National Fertilizer Solutions Association, 8823 N. Industrial Rd., Perioa, Il. 61615. (At regular intervals this publication has run a series on the major and minor

nutrients authored by University and industry personnel; this series provides a means of keeping up with changes in thinking about the various nutrients).

12. Tisdale, S.L. and W.L. Nelson. **Soil fertility and fertilizers.**  
The Macmillan Co., N.Y. 1966. (A comprehensive 694 page soil fertility text).
